

How to Reset Your HBYC.org Password

If you ever have issues logging into the website, use the “[Click Here To Reset](#) link” on the Login Screen. You will be prompted for your **User ID** and the **Email address** you use for this site.

You will receive an Email with your temporary password. Login with your temporary password and then go to “[User Profile](#)“. Select the “Change Password” link, enter your own unique password and then the “Update Password” button.

If you want to check that your Profile information is up-to-date, click the “Edit My Information” link.

If you need personal assistance with any of these steps **or do not remember your UserID and/or Email address** used with this website, please email Help@hbyc.org

- [Edit My Photo](#) (tool below)

You can provide a photo of yourself, you and your Mate (& Crew), your boat... anything you wish (as long as it is "G" rated).

You can browse your hard-drive and select any photo (regardless of size)... and we provide a "cropping" tool that allows you to select as much or as little of that photo as you wish to use. **Helpful Tip** – when "cropping" your photo, try to keep the shape as close to square as possible. This will prevent your face(s) from looking out-of-whack.
