

Denise is currently retired after 30 years as an occupational therapist with Fairfax County Public Schools. As an employee, she spent a lifetime working in collaboration with people of varying backgrounds and views. Her job frequently dealt with conflict resolution, a skill needed for teamwork. She also raised two wonderful children, Bret and Julia, primarily as a single parent before meeting her husband, Bob. Denise and Bob have a home in Annandale, Virginia.

Denise has been involved in boating most of her life. She is originally from Schenectady, New York and was even in a sailing club during high school. She and her husband, Bob have a sailboat, Gabbiano on "O" dock and have been active members of HBYC for the last three years. Since retiring, they spend most of the summer at HHS and enjoy attending as many HBYC events as possible. During the "off season" Denise and Bob often travel and make it a point to visit local yacht clubs whenever they can.

Denise loves being a member of HBYC and being a liaison between the membership and the Board.
